Colleen was born on February 21, 1955 and grew up in Kailua, O’ahu. She was an engineer with Maui Electric Company for 22 years. She was an artist, she was good at anything she tried, swimming, diving, surfing, finding glass balls, making jewelry, renovating her home, and of course paddling (great in any seat and a thorough teacher) A good friend to her dog Kai and a great friend to many. Sadly, for us, she passed away on Dec 15, 2015. Colleen was loved and admired by many. We all miss her.

Thank You Colleen for thinking of Lae’ula O Kai and motivating us to get a move on, to go after our goals. Me ke aloha pau ‘ole.
